

The Devils Wolf

Romance Historical Novella ~ Sensual
~When Archie Maxwell is accused falsely of killing a Johnstone, his brother, Waylon, known as the Devils Wolf, sets out to save him. His bargaining tool is the Johnstones daughter, Catrione. He plans to ransom her for his brothers release, but once he lays eyes on her, his plans take another turn. Lady Catrione Johnstone knows of the Devils Wolf and his ruthless exploits. Catrione vows she will fight him to the end. However, the myth is nothing like the man. In his arms, she forgets he is her enemy. Will the magic of love finally bring peace to these two feuding clans or will it only inflame the hostility to a bloody end? Excerpt: The deed is done, Waylon. I am sorry for no having more sense, but we cannae let the Johntones torture Archie. He shook his head. If only Id thought to capture a Johnstone so we could ransom Archie back. Waylon scrubbed his hand over his face in frustration, but then a thought occurred to him. Maybe Reid didnt have such a bad idea. We ride tonight. He placed his forefinger and thumb between his lips and whistled two sharp shrills. His galloway lifted his head and whinnied in response before it trotted over. The shaggy pony was nothing to look at, but he was sure-footed, loyal and fastimportant factors for a reivers way of life. What plan do ye have spinning in yer head, Waylon? Reid followed alongside him. Kidnapping a Johnstone. With the laird secreting Archie away to the forest, Lochwood is vulnerable to a raid. Aye, and only a daughter to defend the pele tower. Waylons lips curved. Aye, the daughter is who I have in mind to take. Easy pickins. He turned toward his men of two hundred strong and announced his intentions. We ride to Lochwood this night. A young lass needs our comfort. Reids lips spread into a wide grin. And what will ye do with the lass? She can bow down to her new laird or suffer the consequences. I care no what she chooses. I

will have her in my keep before the night is over and then well see if William willnae negotiate Archies release.
