

# Powerpoint 2007 (Quamut)

Quamut is the fastest, most convenient way to learn how to do almost anything. From tasting wine to managing your retirement accounts, Quamut gives you reliable information in a concise chart format that you can take anywhere. Quamut charts are: **Authoritative:** Written by experts in their field so you have the most reliable information available. **Clear:** Our explanations take you step-by-step through everything from performing CPR to threading a needle. **Concise:** You'll learn just what you need to know no more, no less. **Precise:** Quamut charts include detailed text, photos, and illustrations to show you exactly how to do just about anything. **Portable:** Your know-how goes with you wherever your projects lead. **Durable:** A laminated finish helps Quamut charts withstand repeated use (Car Care & Roadside Emergencies) and abuse (Cooking Basics). **On with the show.** Got presentation jitters? You can rest assured knowing that Microsoft's popular PowerPoint software is easier to use than ever before. Impress even the toughest audience by mastering the fundamentals of PowerPoint 2007, including how to: **Create PowerPoint presentations from scratch or with templates** **Add photos, charts, videos, and sound to PowerPoint presentations** **Design and deliver effective, compelling PowerPoint slideshows**
